**ENVIRONMENTAL PROTECTION AGENCY**  
[42 U.S.C. Section 122(i) FRL-6340-8]  
Proposed Administrative Agreement and Covenant Not To Sue  
AGENCY: U.S. Environmental Protection Agency (U.S. EPA).  
ACTION: Proposal of Administrative Agreement and Covenant Not to Sue Under Section 122(h) of CERCLA for the Murray Machinery, Inc. Superfund Site.

SUMMARY: U.S. EPA is proposing to execute an Administrative Agreement and Covenant Not to Sue (Agreement) under Section 122 of CERCLA for the Murray Machinery Superfund Site. Respondent has agreed to pay \$24,028.58 out of total response costs of approximately \$2.4 million, and in return will receive a covenant not to sue and contribution protection from U.S. EPA. U.S. EPA today is proposing to execute this Agreement because it achieves a benefit for the community where the site is located by encouraging the reuse or redevelopment of property at which the fear of Superfund liability may have been a barrier. The Murray Machinery Site would likely have remained an abandoned lot had U.S. EPA not entered into this Agreement and Covenant Not to Sue with the Prospective Purchasers. Therefore, this Agreement, although one which does not recover a significant amount of past response costs, does provide for the reuse and redevelopment of the Site.
